

# Bagged Mulch \$4.00/Bag

**Proceeds benefit Sea Scout Ship 25**

**Free delivery on April 8, 2006 for orders of  
10 or more bags to a single location**

Please help support Sea Scouts, the older youth in the Scouting program.

Each bag contains 3 cubic feet of Premium Dark Mulch

## Mulch Facts:

1. Mulch around the base of your trees and shrubs helps preserve moisture for plant roots, reduces weeds, and make for an attractive appearance.
2. On a new bed of mulch, 2-3" in depth is sufficient. In following years add about 1". Mulch depth in excess of 3" can smother plant roots by preventing intake of oxygen.

## How Much Mulch do I Need?

One (1) bag will make a 4' circle 2" deep around three (3) trees. For rectangular areas 2" deep:

4 ft x 5 ft = 1 bag	4 ft x 10 ft = 2 bags	6 ft x 5 ft = 2 bags	4 ft x 15 ft = 3 bags
6 ft x 10 ft = 4 bags	4 ft x 20 ft = 5 bags	6 ft x 15 ft = 5 bags	6 ft x 20 ft = 7 bags

ALL ORDERS MUST BE RECEIVED BY MARCH 31, 2006
